

ACA Hands-on Activities

Open **Start01.psd**.

1. Select layers 1 and 2. Align Horizontal Centers.
2. Select layer 3 and apply the Nebula Style to the layer.
3. Select the vertical type tool and type Adobe on the right side of the screen. Your font should be Adobe Garamond Pro, Bold, 50pt, black.
4. Place the embedded flower.jpg file below the pink rectangle

Save as **ACA1.psd** in your network folder

Open **Start02.jpg**

1. Make the image black---and---white non-destructively, adjusting the resulting levels automatically.
2. Adjust the canvas width by two inches so that the new canvas is on the left side of the image.

Save as **ACA2.psd**

Open **Start03.jpg**

1. Add a new Solid Fill layer (green: 16,192,61)
2. Drop the opacity to 60%.
3. Add a new layer
4. Add a red (255,0,0) rectangle (200px x 100px) to the image.
5. Apply the Color Target (Button) Style to the rectangle.
6. Edit the layer style. Remove the Gradient Overlay.

Save as **ACA3.psd**

Close all Docs before starting

1. Reset your Essentials Workspace. Display the rulers.
2. Move the Layers panel and place it between the Color and Libraries panels.
3. Dock the Channels panel and place it within the Libraries panel. Save your new workspace as **ACA Practice**.
4. Press the Print Screen key on your keyboard to take a screenshot of your new workspace. Use the Snip & Sketch tool to take your screenshot.
5. Go to File>New. Accept the default settings. Ctrl V to paste your screenshot into the image.

Save as **ACA4.psd** in your network folder.
